

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

Date: April 9, 2004

In re Application of:
DARRYL D. AMICK

Filed : April 9, 2004

For : SYSTEM AND METHOD FOR PROCESSING
FERROTUNGSTON AND OTHER TUNGSTEN ALLOYS,
ARTICLES FORMED THEREFROM AND METHODS FOR
DETECTING THE SAME

Mail Stop PATENT APPLICATION
Commissioner for Patents
P.O. Box 1450
Alexandria, Virginia 22313-1450

Sir:

INFORMATION DISCLOSURE STATEMENT
UNDER 37 C.F.R. §§ 1.56, 1.97, and 1.98

Applicant is submitting this Information Disclosure Statement pursuant to 37 C.F.R. §§ 1.56, 1.97, and 1.98 to disclose to the U.S. Patent and Trademark Office the patents, publications, applications, and/or other references listed on the enclosed, completed PTO-1449 forms. The filing of this Information Disclosure Statement should not be construed as a representation that a search has been made or as an admission that the listed references are prior art for this application. Applicant respectfully requests that the listed references be expressly considered during prosecution of the application, and that the references be made of record therein and appear among the "references cited" on any patents issuing therefrom.

This Information Disclosure Statement includes (1) six pages of PTO-1449 forms, and (2) a legible copy of each foreign and non-patent reference, if any, listed on the form(s). However, because this application was filed on or after July 1, 2003, no copies of U.S. patents or published U.S. patent applications are included.

A concise explanation of the relevance of each listed reference not in the English language follows:

Japanese Patent No. 52-68800 was cited by the Examiner during the prosecution of U.S. Patent No. 5,264,022 and according to the Examiner discloses using a coating of a lubricant or polymer on individual pellets of shotgun ammunition.

Japanese Patent No. 59-6305 appears to disclose a method for forming pellets by depositing the material from which the pellets are made, in a fluid form, into a quenching liquid.

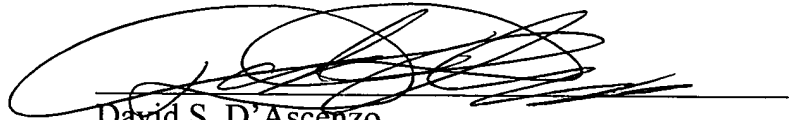

Japanese Patent No. 1-142002 was cited by the Examiner during the prosecution of U.S. Patent No. 5,264,022 and according to the Examiner discloses iron-tungsten powders with a mixture of sizes.

This Information Disclosure Statement is being filed with the application or with a Request for Continued Examination of the application under 37 C.F.R. §1.114. Therefore, in accordance with 37 C.F.R. § 1.97(b), no fee or statement under 37 C.F.R. § 1.97(e) is required.

Please contact the undersigned with any questions or comments regarding this Information Disclosure Statement.

Respectfully submitted,

KOLISCH HARTWELL, P.C.

A handwritten signature in black ink, appearing to read 'David S. D'Ascenzo', is written over a horizontal line.

David S. D'Ascenzo
